

# Push Out Casement Windows

## Frame & Sash

**1** Select wood components are kiln dried, and treated with water/insect repellent and preservative. Interior wood surfaces are available in complimentary pine or mixed grain fir, or optional wood species including cherry, hickory, African mahogany, maple, oak, walnut, alder or vertical grain fir. Interior surfaces are available unfinished or factory primed. Optional factory-applied finishes are available in a variety of stains and basecoats.

**2** Wood components are fitted with aluminum extrusions on the exterior. 50 Eagle Complimentary Colors™ that meet AAMA 2604 specifications are available, as well as custom colors. Also available is a selection of seven exterior anodized options.

## Glazing

**3** High-Performance™ Low-E4® glass with a low-conductance spacer. Triple insulated glass, tinted, clear IG, high-altitude glass and other special glazing options are available.

**4** Glass is fixed in place from the interior with wood stops that can be removed for easy reglazing if necessary. Glass stops available in colonial and contemporary profiles.

## Weather Strip

**5** A continuous perimeter bulb weather strip around the frame allows for proper seal at corners.

A secondary bulb weather strip is applied on three sides of the sash. Available in white or optional black.

## 6 Hardware

Equipped with a stainless steel 4-bar friction hinge. Larger units use a stainless steel piano hinge with stainless steel stays.

Manual lock system featuring lock handles allows for easy operation. Units under 40" high use a single lock, while units 40" and taller use dual locks.

Lock handles are available in six finishes.

## Window Anchorage

Folding vinyl nailing fins are pre-applied into a kerf on the frame exterior to facilitate installation. Optional metal installation clips are available.
