

Eagle Axiom®

Awning Windows

Frame & Sash

1 Select wood components are kiln dried, and treated with water/insect repellent and preservative. Interior wood surfaces are available in complimentary pine or mixed grain fir, or optional wood species including cherry, hickory, African mahogany, maple, oak, walnut, alder or vertical grain fir. Interior surfaces are available unfinished or factory primed. Optional factory-applied finishes are available in a variety of stains and basecoats.

2 Wood components are fitted with aluminum extrusions on the exterior. 50 colors conforming to AAMA 2604 are available, as well as custom colors. Also available is a selection of seven exterior anodized options.

Glazing

3 High-Performance™ Low-E4® glass with a low-conductance spacer. Tinted, clear IG, high-altitude glass and other special glazing options are available.

4 Glass is fixed in place from the interior with wood stops, that can be removed for easy reglazing if necessary.

Weather Strip

5 A continuous perimeter bulb weather strip around the frame ensures proper seal at corners.

A secondary bulb weather strip is applied on three sides of the sash. Available in white or optional black.

Hardware

6 Equipped with a stainless steel gear operator, concealed hinges and hinge track.

Concealed, sash locks provide a positive lock. Stainless steel keepers resist corrosion.

Locks, operator covers and handles are available in 10 finishes and can be shipped separately closer to job completion.

Eagle's construction locks and crank handles keep your permanent window hardware away from the construction process and possible damage, yet allow operation of windows during construction.

Electric operators are available in bronze or white.

ADA hardware is available upon request.

Electric Operator

Available In
BRONZE OR WHITE

Features & Options

Window Anchorage

Folding vinyl nailing fins are pre-applied into a kerf on the frame exterior to facilitate installation. Optional metal installation clips are available.

7 Screens

Charcoal fiberglass screen mesh fits into an aluminum frame in colors of bronze, white or gold, as well as optional black. Aluminum mesh screen and wood-veneered screen also available as options.

TruScene® insect screens available in painted aluminum or wood-veneered options.

Eagle Axiom® retractable screen available in wood-veneered options.

8 Divided Lights

Modern Divided Lights®. Fixed interior and exterior grilles with internal spacers between two panes of glass. Available in 5/8", 7/8", 1 1/8" or 1 1/2" profiles.

Classic Divided Lights. Fixed exterior and interior grilles without an internal spacer. Available in 5/8", 7/8", 1 1/8" or 1 1/2" profiles.

Between-glass grilles. Available in 5/8" flat or 1" aluminum contoured profiles. Two-tone colors of colony white/pebble tan, colony white/sierra bronze or colony white/forest green are available on the 1" profile.

Removable wood grilles. Removable wood grilles are available in a 7/8" profile with optional surround and fixed exterior grilles.

9 Privacy Options

System 3 Blinds. A 5/8" aluminum slat blind is mounted to an extruded aluminum blind panel and applied to the window, creating a triple-glazed window boasting privacy and energy-efficiency. Available in four colors. Blind panels are offered in white, tan, gold or an optional wood veneer to match your interior. Panels provide a virtually dust-free environment.

System 3 Shades. Pleated fabric shades are available in six colors to effortlessly and beautifully filter the light. See page 15 for more details.
